

MyJohnMuirHealth

empowers patients to manage
their health care

Stay connected with your patients at all times

- Set up, reschedule or cancel appointments
- Send and receive messages from your patients
- Give patients access to their health records and lab results
- Refill prescriptions
- Enable family members to stay involved in patient care
- Allow patients to pay their medical expenses online

MyJohnMuirHealth

It's easy for your patients to get started

1. Give them their Personal Activation code

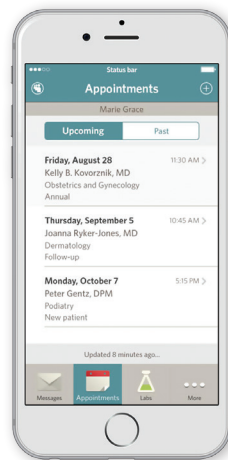

Let your patients know that their Personal Activation code can be found on their After Visit Summary (AVS). Or, have your office email the code directly to them.

2. Have them activate their account

Patients can either go to MyJohnMuirHealth.com and enter their Personal Activation code, or simply click on the email link sent to them.

Mobile app available for patients with devices running on the iOS operating system.

For information about getting your patients
