- Infectious Disease
- Neuro/Trauma ICU
- Oncology
- Progressive Care
- Medication Safety
- Administrative Practice
- Pharmacy Operations

## Preceptors

- Affiliated with UCSF, UOP, Touro University
- Pharmacy residency trained
- Board Certified
- BLS, ACLS, PALS Certified
- Members of professional practice organizations at local & national levels
- Leaders within practice areas and the institution

# PGY1 Pharmacy Residency Program

Our residency program offers a range of experiences in a pioneering community hospital setting. We focus on teamwork, as our pharmacists are integrated as an important part of the healthcare team. By creating an environment where our residents can think critically and innovatively, we aim to provide a foundation where new pharmacists will deliver high quality healthcare.

The residency is a structured, yet flexible, program providing training in all areas of clinical and hospital pharmacy operation. Our enthusiastic preceptors work to create a program to align with the resident's interests and goals.

## Salary and Benefits

Annual salary \$53,000 (paid twice monthly). Includes Medical, Dental and Vision coverage.

Leave is accrued per pay period based on hours paid, excluding overtime. Accrual begins on the first day of employment. Leave may be used to attend professional conferences and for post-graduate or job interviews.

All residents are provided with a stipend to support travel, lodging, and registration fees for the purposes of professional conferences. The amount of the travel stipend is determined each year and may not cover all travel expenses.

## Required Learning Experiences

- Ambulatory Care
- Internal Medicine
- Critical Care
- Administrative Practice
- Pharmacy Operations

## Elective Learning Experiences

Emergency Medicine, Pediatrics, Neurocritical Care, Progressive Care, Oncology, Infectious Disease, and Medication Safety.

Residents will also have opportunities in obtaining a Teaching Certificate, presenting a research project at Western States Conference, committee participation, precepting IPPE/APPE students, interdisciplinary team-based care with the Family Practice Medical Residents, and more...
