

Orthopedics and Sports Medicine

Berkeley Outpatient Center

Overview

Orthopedics and sports medicine are some of the many specialty services available at the Berkeley Outpatient Center. With access to the latest advances in care, research and technology, UCSF Health and John Muir Health orthopedic specialists provide up-to-the-minute expertise and the latest treatment options for both routine and complex musculoskeletal conditions. Our orthopedists work with referring providers to ensure patients receive the best care possible.

CONDITIONS TREATED AND SERVICES OFFERED

- Acute and chronic orthopedic conditions
