

community-based, not-for-profit

We are transforming how care is delivered, from diagnosis to treatment to survivorship, but this is not something we can do alone. We need the support and partnership of our community to realize our collective vision of conquering cancer close to home.

—Mike Thomas
PRESIDENT AND CEO
JOHN MUIR HEALTH

Nevin E. Kessler, President, John Muir Health Foundation, publicly announced the launch of The Campaign to Conquer Cancer during the 9th Annual Celebrate John Muir Health! Gala.

BRIEFINGS

Donors Make Magic Happen

Annual Event Raises \$3.2 Million to Conquer Cancer

Top hats, wands, and a little hocus-pocus cast a magical spell on all who attended the 9th Annual Celebrate John Muir Health! gala on Saturday, November 5, 2022. The magical spell culminated in \$3.2 million raised, as well as a \$10 million matching gift from the Hofmann Family Foundation in support of the UCSF-John Muir Health Cancer Center and the Cancer Pavilion currently under construction on the campus of the John Muir Health, Walnut Creek Medical Center.

Additionally, John Muir Health Foundation's President, Nevin Kessler, had the distinct pleasure of announcing the incredible news that donors had

raised over \$66 million toward the \$100 million campaign goal!

The event was held at the Concord Jet Center in a private hangar graciously donated by Jean Hofmann and Lisa Hofmann Morgan. More than 350 guests enjoyed an evening of philanthropy and community support for the new Cancer Pavilion, a 155,000-square-foot state-of-the-art facility opening in February 2024 that will be home to the most advanced screening, treatment, prevention, survivorship services, research, and clinical trials in the East Bay. The Campaign's resounding message was felt by everyone...***This is not an evolution in cancer care—it is a revolution of how we work together to fight cancer.***

MESSAGE FROM GALA CO-CHAIRS

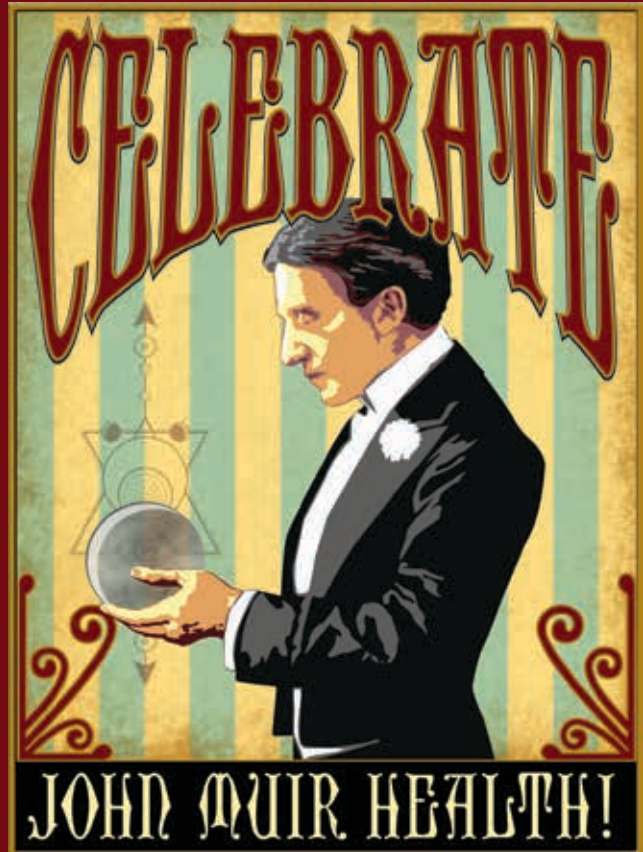

Angie Coffee
CO-CHAIR

Margie Murphy
CO-CHAIR

If we look deeply enough, every aspect of life has something magical about it. November 5, 2022 was one of those magical moments for patients, donors, physicians, and staff of John Muir Health!

On behalf of the fabulous gala committee (listed at right), we are very pleased to announce that our magical moment came when we learned that the 9th Annual *Celebrate John Muir Health!* gala raised \$3.2 million for the UCSF-John Muir Health Cancer Center! Incredible! Your support has once again proved that when we come together in gratitude for the extraordinary care and compassion provided at John Muir Health, we really can make a difference.

Our sincere thanks to Jean Hofmann and Lisa Hofmann Morgan for allowing us to transform their private Concord Jet Center hangar into a magical paradise, complete with dazzling chandeliers that changed colors and bobbed enchantingly, abracadabra margaritas, card tricks performed by professional magicians, and a very mystifying photo wall! If you were unable to join us, we hope this issue of *Give Health* will provide you with a taste of the gathering and evening of generosity. And please use the QR codes below to follow the progress of the new Cancer Center (left) plus the inspirational story of Ed Gonzales (right), who is battling brain cancer, and whose wife, Girlynda, is John Muir Health's Vice President of Inpatient Care Services.

2022 Gala | Making Magic Happen

As longtime residents of the East Bay, we are thrilled to support the UCSF-John Muir Health Cancer Center. The ability to treat cancer patients close to home is a game-changer.

—Bonnie and Mike Zumbo

Quality health care services are critical for a community. The new cancer center will enhance the already outstanding care provided at John Muir Health.

—Manny and David Bowlby

We feel honored to support John Muir Health's newest endeavor; a comprehensive, state-of-the-art facility and program that will greatly benefit cancer patients in our community.

—Judy and Paul Gray

Kelly Chaney, Jennifer Lee, Margaret Baker, Deidre Tello

Winner: Roberto and Jamelyn Rodriguez

WHY WE GIVE

Building Hope for Cancer Patients in the East Bay

Ken Hofmann was a visionary and philanthropist. His daughter, Lisa Hofmann Morgan, says, “Those two qualities shaped his life and that of our family.”

“My father taught me about the importance of a solid work ethic and giving back to the community,” Lisa shares, “and that is deeply ingrained in the work that we do at the Hofmann Family Foundation.”

As the Lifetime Director, Lisa makes sure that the Hofmann Family Foundation continues Ken’s philanthropic spirit by inspiring

others to “be more, do more, and imagine more,” his personal life philosophy.

“It was our great pleasure to support the new UCSF-John Muir Health Cancer Center with a \$15 million gift and a \$10 million match,” says Lisa. “Cancer should be treated in the community in which we live, close to family, and with the very best medical oncologists.”

The UCSF-John Muir Health Cancer Center, located in the new Cancer Pavilion on the Walnut Creek Medical center campus, will open in February 2024.

Cancer should be treated in the community in which we live, close to family, and with the very best medical oncologists.
